Would you please convey to the wonderful officials how much I appreciated the outpouring of love and concern shown toward Alex and my family during his illness and his passing. He would have been so happy to know that you all cared so much about him. Thank you for all the prayers and the visitations and the pall bearers.....He planned his funeral a week before he passed, so it would make it easier on me.....He was a wonderful husband and my best friend.....I miss him terribly.....Again, thank you all.....Tina Perry
